

Semgrep Vulnerability Summary Report

This is a summary report of the security scan results.

Severity	Count
Critical	62
High	21
Medium	0
Low	0
Info	0
Unknown	0

Top 10 Findings

- [Critical]** Possible hardcoded secret detected (password, secret, token, apiKey) in .properties/.txt file.
/appdata/jenkins/workspace/builder_demo/src/main/java/com/callgate/admin/common/jwt/JwtService.java
- [Critical]** Possible hardcoded secret detected (password, secret, token, apiKey) in .properties/.txt file.
/appdata/jenkins/workspace/builder_demo/src/main/java/com/callgate/admin/common/jwt/JwtService.java
- [Critical]** Possible hardcoded secret detected (password, secret, token, apiKey) in .properties/.txt file.
/appdata/jenkins/workspace/builder_demo/src/main/java/com/callgate/admin/common/utils/TextUtil.java
- [Critical]** Possible hardcoded secret detected (password, secret, token, apiKey) in .properties/.txt file.
/appdata/jenkins/workspace/builder_demo/src/main/java/com/callgate/admin/common/utils/TextUtil.java
- [Critical]** Possible hardcoded secret detected (password, secret, token, apiKey) in .properties/.txt file.

/appdata/jenkins/workspace/builder_demo/src/main/java/com/callgate/admin/common/utils/TextUtil.java

6. [Critical] Possible hardcoded secret detected (password, secret, token, apiKey) in .properties/.txt file.

/appdata/jenkins/workspace/builder_demo/src/main/java/com/callgate/admin/common/utils/TextUtil.java

7. [Critical] Template placeholder detected in XML (\${...} or {{...}}). If substitution values are not validated or escaped, XML injection or malformed XML may occur.

/appdata/jenkins/workspace/builder_demo/src/main/resources/env/common/common-appender.xml

8. [Critical] Template placeholder detected in XML (\${...} or {{...}}). If substitution values are not validated or escaped, XML injection or malformed XML may occur.

/appdata/jenkins/workspace/builder_demo/src/main/resources/env/common/common-appender.xml

9. [Critical] Template placeholder detected in XML (\${...} or {{...}}). If substitution values are not validated or escaped, XML injection or malformed XML may occur.

/appdata/jenkins/workspace/builder_demo/src/main/resources/env/common/common-appender.xml

10. [Critical] Template placeholder detected in XML (\${...} or {{...}}). If substitution values are not validated or escaped, XML injection or malformed XML may occur.

/appdata/jenkins/workspace/builder_demo/src/main/resources/env/common/common-appender.xml
